To,  
Rabbi Eli Lando  
Executive Manager  
OK Kosher Certification  
New York, USA

Dear Mr Lando ,

We, Godrej group of Industries is a global conglomerate headquartered in India, established in 1897 , largely owned by the Godrej family; with diverse business interests in Oleo-chemicals, Consumer goods, Real Estate, Appliances (industrial & household), Agriculture, Aerospace etc. having a combined business of almost 10 billion US\$.

It was during the early 2000's, when we were deliberating on expanding our international business, we came to the conclusion that getting our products Kosher certified could give us access to several major business sectors in the global market which are otherwise unavailable to no- kosher producers. Though we had several choices of Kosher certification agencies from across the world, with the Godrej Policy of ethical business practices having major emphasis on quality and standards; we decided to go with the best of the certification agencies available. Among the three top Kosher certification agencies we approached, the swift response from OK Kosher and the clarity with which they explained the whole certification process made us to select OK KOSHER as our partner in Kosher implementation. And our association with OK Kosher since 2006 has grown from strength to strength vindicating our choice of associating with them has turned out to be most sensible.

To be honest, the OK Kosher policy of no tolerance towards compromising on business ethics compliments our thought process and made our business relations grow to a level of mutual trust and admiration over the years. We started with Kosher certification for three of our manufacturing locations across India in 2006 and continued to grow to the current levels of four manufacturing locations, three external liquid bulk storage locations (Tank farms), four third party processing locations: all in India & two International private label customers - all under the supervision of OK Kosher. Apart from this another of the Godrej group companies, Godrej Agrovet Ltd also is currently certified by OK Kosher.

The Godrej logo is written in a stylized, cursive font with a color gradient from red to green.

Our association with OK Kosher has been of tremendous help in gaining widespread approval for our products in the International business space and access to major buyers worldwide who insist on products certified Kosher by reputed certification agencies only. We take this opportunity to express our heartfelt gratitude to all the Rabbis and administrative personnel at OK Kosher who have supported us throughout our kosher journey so far, and continue to guide us with their exemplary service and timely advise in helping us maintain the highest levels of Kosher standards expected by Kosher buyers world over.

Warmest Regards,

Nitin Nabar
